

Online Workshop

Introduction to REMIT

11 November 2026

Online

Instructors:

Alberto Pototschinig | Florence School of Regulation, RSCAS, EUI**Sofia Nicolai** | Florence School of Regulation, RSCAS, EUI**Introduction**

In this workshop, participants will explore the main concepts of the Regulation on Wholesale Energy Market Integrity and Transparency (REMIT) and their significance in ensuring fair and transparent wholesale energy markets. The programme will cover key topics, including the purpose, scope, and actors of REMIT, the concept of inside information and the prohibition of insider trading and market manipulation, with examples of manipulative practices. The main obligations established by REMIT on market participants and persons professionally arranging and executing transaction (PPAETs) will also be discussed. Through engaging discussions and practical insights, attendees will deepen their knowledge of the basics of market integrity and transparency principles and regulatory compliance.
