Florence School of Regulation

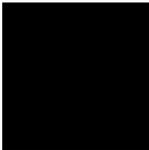

FSR GLOBAL

Regulatory Knowledge Hub

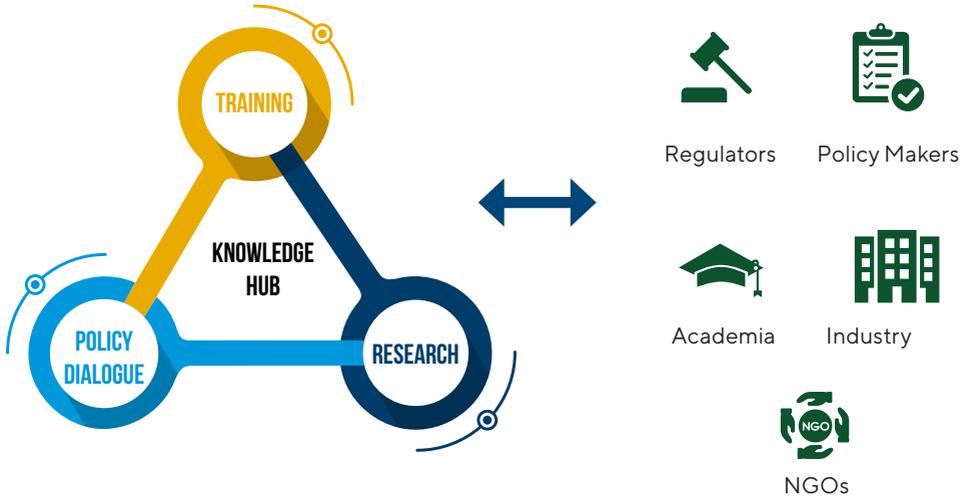

**DRIVING THE ENERGY
TRANSITION WORLDWIDE**

About FSR Global

FSR Global is an initiative of the Florence School of Regulation. Building on our legacy in Europe, we will facilitate the development and delivery of effective energy policy and regulation in the regions of Asia, Africa and Latin America and Caribbean.

FSR Global Network

We actively foster global collaborations and partnerships with leading energy stakeholders to co-create knowledge and make it accessible and actionable with the aim of improving the quality of regulatory policy. Our knowledge networks have brought together over:

- 300 experts
- 12 academic partners
- 20 Advisory Committees
- 12 Regional regulators
- 8 Multilateral Development Organisations
- 15 Industry and Associations

Policy Dialogue

FSR Global facilitates transcontinental knowledge exchange on the most topical regulatory and policy issues. These events bring together key multi-stakeholders to discuss our latest research outputs and relevant practices, enabling lively and open discussions while fostering practice-oriented outputs.

Conferences and Fora

» FSR Global Forum on the World Energy Transition

12 thematic lines on topics pertinent across Europe, Latin America, Africa and Asia

» EU-Africa high-level platform on Sustainable Energy Investments

Expert group meetings organised by the European Commission and the African Union

» EU-India Workshops on Electricity Market Design and Regulation

Organised in partnership with the European Commission and the India Smart Grid Forum

» Workshop on Energy Regulation: Challenges & Tools to Prepare for the Future in LAC

Organised in collaboration with the Inter-American Development Bank (IDB)

» EU-China Energy Cooperation Platform

Organised by the European Commission

» EU-Japan LNG Workshops

Organised in partnership with the European Commission and the Ministry of Economy, Trade and Industry of Japan

FSR Global Forum, March 2019

Research

FSR Global is committed to deliver far-sighted and innovative insights into the most relevant energy regulatory issues in Asia, Africa and Latin America and Caribbean.

In the Spotlight:

» **Charging up India's Electric Vehicles: Infrastructure deployment & power system integration**

P.C. Bhagwat, S.Y. Hadush, S.R.K Bhagwat

» **FSR Global Forum Report on World Energy Transition**

I. Pérez-Arriaga, J-M. Glachant, P.L. Alessi, P.C. Bhagwat, S.R.K Bhagwat, S.Y. Hadush, G. Montesano, C.Papa and N. Rossetto
