# EU Actions – Governance & Strategy

---

- » Clear and well communicated strategy on MaaS
- » Promote EU-wide open Standards in order to avoid proprietary standards as kernel solutions
- » Stimulate and motivate MaaS Stakeholders to cooperate with the MaaS-Aggregator
- » Delegate, govern and support a MaaS-Aggregator
  - » Agree on financial support suggested by the delegated MaaS aggregator
  - » Agree on Rules and Regulations proposed by the delegated MaaS aggregator

# MaaS Aggregator - Strategy

## » Roles of MaaS-Aggregator:

- ✓ Be transparent, neutral, discrimination free, fair
- ✓ Take the Traveller as the center of all thoughts, cf. „seamless travel“
- ✓ Be responsible for (EU-wide) scheme harmonisation
- ✓ Ensure cross border/cross scheme mobility
- ✓ Publishes MaaS-Relevant normative References
- ✓ Have a clear overview of all Stakeholders in the MaaS-Field
- ✓ Act as single point of contact between MaaS-Stakeholders and the EU
- ✓ Play a coordinative role between all stakeholders
- ✓ Ensure Interoperability and Multimodality
- ✓ Acts as central certification instance for granting access to MaaS-platform(s)
- ✓ Ticketing, Payment, Settlement & Security&Privacy are key processes to focus on
