## Policy Advisory Council

The Policy Advisory Council discusses the most topical regulatory and policy issues and debates the relevance of the latest FSR research findings. The meeting is held twice a year and provides inspiration and precious input for the focus of the FSR research along the whole year.

The Policy Advisory Council includes representatives from all Major Donors, renowned academics, representatives from the European Commission, the Agency for the Cooperation of Energy Regulators (ACER) and National Regulatory Authorities (NRAs).

## Advisory Council FSR Energy Major Donors Meeting

In the Advisory Council new initiatives and research topics are proposed and debated among all the major donors, the FSR Director and the team. This meeting provides an interactive opportunity to learn and discuss the latest novelties and strategies of the School.

The Advisory Council is chaired by the Director of the Robert Schuman Centre for Advanced Studies, Brigid Laffan.
